Capresso Perfectea 260 Lid Replacement

This guide is for removing the lid of the Perfectea from the glass pot.

Written By: Kenji Anzai

INTRODUCTION

If your lid has become warped over time, use this guide to replace it.

TOOLS:

- Spudger (1)
- Phillips #2 Screwdriver (1)

Step 1 — Lid

- Lift the lid of the Perfectea
- Remove the two 12mm Phillips #2 screws located at the brim of the pot.

Step 2

ⓘ Adhesive tape is left holding the lid to the glass pot.

ⓘ Use the spudger for this step.

- With one hand, firmly grip the lid while designating your other hand to wedge the spudger between the lid and the glass pot.
- Working from the outside to the inside, gently pry the adhesive tape from the glass pot, detaching the lid.

To reassemble your device, follow these instructions in reverse order.
